

New Transport Option For Older Persons

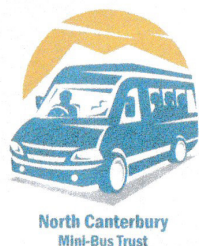

The St John Health Shuttle service operates 10.00am-3.00pm, Monday to Friday to help transport older people in North Canterbury to their health appointments. For appointments outside of these times, there is now an alternative option.

Several North Canterbury not-for-profit organisations have combined resources to offer a transport service to help fill the gap.

Return journeys to Christchurch cost \$45pp. Costs may vary if the travel is shared, or is outside the Borough of Rangiora.

To make a booking, please call the [Citizens Advice Bureau](tel:033138822) on 03 313 8822, at least one weekday prior to your appointment date.

This service is offered in collaboration between:

Te Ope Whakaora

And in consultation with: St John's Health Shuttle, Waimakariri District Council, RSA, Ballarat, and Age Friendly Waimakariri.
